Activity - Ages 3-5*	What you need
Note to Parents: *Due to small parts, we recommend using the Fine Motor Kits for ages 3+! Please supervise your child closely with all activities, especially if they like to put objects in their mouth!* *For children under 3, we recommend substituting items like pom poms and blocks for larger items and watching closely with crayons and Play Dough, as many children like to put these toys in their mouths as well.*	
Drop blocks into a cup or container - try with each hand!	-Blocks -Cup or container (not provided)
Stack blocks to make a tower	-Blocks
Play with Play Doh! -Explore ways to play with Play Doh, including squishing, rolling, poking -Get creative and make shapes out of Play Doh! Try a snowman or a pretend cookie	-Play Doh
