

19th Annual

THANKSGIVING PROJECT

November 13-17, 2018

Last year, with your help, we fed over 6,500 families in need. Please join with your family, friends, or coworkers to support this year's Thanksgiving Project, the largest collective initiative of its kind in our region. Together, we will again celebrate the true meaning of the season by giving and volunteering to help our neighbors in need.

Three ways to help:

1 Donate Money

Just \$50 will feed a family of three or more. To give, please donate online by visiting unitedwaymassbay.org/supportthanksgiving

2 Donate Food

Run a food drive for a particular food item (see list). Or purchase items directly by visiting unitedwaymassbay.org/TGPfooddrive

3 Volunteer

After donating, individuals, families, and groups can help pre-pack Thanksgiving care packages during the week of November 13-16 or distribute meal kits on Saturday, November 17. Volunteer sites include Dorchester, Lynn, the South End, the South Shore, and Merrimack Valley.

Items Needed:

We hope to create more standard packages for all families by collecting donations of a single item during food drives. For example, ask all your co-workers to bring in a can of cranberry sauce.
